

Well, the Lord will not let me go on this certain subject matter until I write this down. The worldly people do not have a problem with this. This is in the Church. Christians are having difficulty with the Slumbering Spirit, or you might understand it as the human spirit being asleep. Some are into slumber and some are already asleep. The answer is Jesus and being delivered by the finger of GOD.

The Slumbering Spirit

The symptoms are easy to spot. Discernment is always needed but you can spot them without discernment. They are all around. First of all they have never drawn forth to live, who early on has fallen asleep, and can not function as a Christian in the role of father, mother, sister, brother, or friend, etc. Also, these are not the people that were abused. These are people that received parental nurturing, but have turned away from prayer, the Word and worship. While they are slumbering or sleeping hardness is entering them from the devil (Satan), or you may only want to say evil one. Anyway it is not good.

One young man that I am praying for had joined the military and I believe that while he was in that service, he came under this slumbering spirit. I discern that even his human spirit was broken. This is a fine young man. Raised in a fine Christian home. This is exactly who the enemy is trying to get. We can do warfare for him and bind the enemy according to Matt: 18:18, Matt.16:18-19. What he needs is to be delivered from this demonic Slumbering spirit and his human spirit awakened by the Lord Jesus Christ. The Holy Spirit is totally complete in him. This slumbering spirit is attacking in the soul area (mind, will and emotion area).

A slumbering spirit counters the normal function of your own human spirit.

In the function of Corporate Worship (John 4:23, 24) you should feel the presence of the Lord. The slumbering spirit will prevent you from feeling or being aware of the presence of God.

In the function of Private Devotion and Prayer (Isaiah 40:31) you should get inspiration from the Word and prayer. The slumbering spirit will prevent you enjoying the water of the Word. The Word would be dry and you would have no prayer life.

In the function of your Ability to hear God (dreams, visions, etc.) you should receive revelations from God (His Word). The slumbering spirit will prevent you from hearing God's voice.

In the function of being Inspired of the Holy Spirit you should receive Divine inspiration.

The slumbering spirit prevents you from getting inspired; dull Christian walk.

In the function of Transcending Time; Future and Hope you should remember good times and look forward and grasp hope for the future. The slumbering spirit says to you that you have no hope for the future and can't remember much good.

In the function of Commune and Communicating with Others you spiritually awake people and meet each other through their spirits. The slumbering spirit does not want you spending time with other Christians.

In the function of Giving God Glory for Marital Sexual Union (I Cor.6:16-18) Married Christians should enjoy sex often. The slumbering spirit does not have any desire or intimacy.

In the function of Walking in Devine Health from Disease and Illness (Prov. 18:14, 17:22) A Christian should enjoy good health. The slumbering spirit is sick long and often; hypochondriac.

In the function of having a Good Conscience. Our conscience should work before an event to keep us out of trouble, and afterwards, merely to convict us of sin. The slumbering spirit didn't think about it until too late.

In the function that Opens us up to the realm of the Spirit. You should be aware of the spiritual realm. The slumbering spirit is never conscious of demonic activity or of the Holy Spirit.

The slumbering spirit causes remorse instead of repentance after sin.

I John 3:6, 3:9

Remorse is self centered. The Church must reach out to the slumbering in genuine Love. We must father them and incubate the inner man to come to life. Gal 4:19.
