Scientists Create Synthetic Human Embryos In The Lab Paving The Way For Soulless Non-Human Entities Created Without Sperm Or Egg

When you read the book of Revelation, it's a veritable cavalcade of end times entities that come bubbling up from the nether regions of the abyss, much of it of the non-human variety. Scientists have now figured out how to create a synthetic embryo in the lab that needs neither sperm nor egg to form. Let your imagination wander to just what type of spiritual things might want to inhabit these bodies. It's all 'par for the course' in the coming Days of Noah.

Harvard Medical School morgue manager and 6 others accused of stealing and selling human remains – including bodies of stillborn infants

"Some crimes defy understanding," Karam said. "The theft and trafficking of human remains strikes at the very essence of what makes us human."

Japan Begins Secretly Releasing Irradiated Water From Fukushima Disaster Into the Ocean

Tokyo Electric Power Company (better known as TEPCO) started releasing irradiated seawater from Monday afternoon into an underwater tunnel that has been built to release Fukushima nuclear contaminated water into the sea, Japan’s public broadcaster NHK said on Tuesday. According to TEPCO, the tunnel will be filled with some 6,000 tons of seawater by around noon on Tuesday.

WHO makes bombshell announcement launching ‘digital health certification network’: Will the ‘mark’ soon be foisted upon the people of the world?

...This is something I’ve been warning was coming for nearly three years and so it’s almost anti-climactic for readers of this site, where we weren’t afraid to shout it from the housetops early and often about the resemblance of the WHO’s “digital health certificate”

to the biblical mark of the beast.
