Food insecurity in the U.S. may be worse than anyone thinks, study reveals

More people are having trouble getting food on the table, according to a recent study. While food insecurity is a growing concern in the United States, the research suggests the number of people with limited access to food is actually higher than what official reports estimate.

Climate fanatics say there's no room for personal choice if global warming is to be stopped: Everyone will need to decrease their standard of living by 75% – using force if necessary

In the near future, everyone on earth – except the “elite,” of course – will have to drastically reduce their standard of living in order to save the planet from the devastating effects of warm weather, according to the BBC.

‘Trans kids’ prescribed MORE anti-psychotic meds after beginning gender transition than before: study

A 2021 study of military youth has revealed that not only were minors with severe mental illness allowed to embark upon experimental medical sex changes, but also that prescriptions for anti-psychotic drugs actually increased after hormonal interventions were initiated, reports Fox News.

REVEALED: DOJ official says Biden admin ‘rolling over’ on allowing trans-identified males to impregnate

females in women's prisons

A psychologist with Merrick Garland's Justice Department has confirmed that biologically male inmates who claim to be women and transfer into women's prisons are purposefully impregnating female inmates. The inmates have an ulterior motive, which is then to bring suit against the US government to create "million dollar babies," and taxpayers are on the hook for it.

Pfizer "vaccine" trial data shows alarming outcomes for pregnant women; they knew all along

A preprint paper published this month, shows that IgG4 antibodies are present in the umbilical cord blood of infants born to vaccinated mothers, highlighting a theoretical risk to newborns of an ineffective response to Covid infection. This highlights just how many unknowns we are dealing with when it comes to assessing what will be the long-term outcomes of mRNA vaccination.

WHO ends the Covid Hoax with the biggest Lie of All

The WHO figure of 20 million deaths is based on absurd, false figures whereby patients who died after a positive (but useless) PCR test were listed as having died of covid-19 even if they had no symptoms of covid-19 and had died in a car crash, been run over by a bus or had died of heart disease. Governments around the world have admitted that figures were exaggerated. In some countries, hospitals were bribed to over-diagnose covid-19.

Globalists Are Murdering Children To Double Down On Depopulation

The stories over at Substack the last several days from

numerous different authors are absolutely alarming and tell a story that must be told considering the mainstream media won't touch these with a 50-foot pole and instead, are helping the anti-America terrorists/squatters sitting in the White House, Congress and the Pentagon wage a deadly war upon the American people, now aimed at your children and mine.

Hollywood Elites Hold 'Drag Isn't Dangerous' Telethon To Hit Back Against New Wave Of Anti-Grooming Laws Designed To Protect Young Children  
Actress Charlize Theron issued a warning to opponents of the LGBTQ community Sunday night during the 'Drag Isn't Dangerous' fundraising telethon.

Transgender surgeries linked to horrific and often fatal infections: "I now live in a painful body that no longer belongs to me"  
The Journal of Pediatric and Adolescent Gynecology published a study recently about a formerly healthy 18-year-old boy who underwent a ghastly and barbaric transgender "affirmation" surgery that resulted in his death.

1 in 4 Canadians Agree With Euthanizing the Poor  
Leftist policies start out seemingly reasonable and compassionate before they become totally monstrous. Initially, there are sympathetic test cases, they started out with arguing that raped 12-year-olds should be able to get an abortion, and then before you know, it's partial-birth abortion for bored celebrities. Euthanasia was supposed to help those with fatal illnesses suffering a great deal of pain. And then, in typical fashion, it morphed into killing teenagers and

the depressed.

FDA Approves First Pill Containing Human Feces  
Patients needing a fecal microbiota transplant for  
recurrent *Clostridioides difficile* (C. diff) infections  
now have the option of getting stool in pill form.
